Council of State Presidents

Planning Committee and Chair Elected

The Council of State Presidents (COSP) met on Tuesday, April 2, to address association priorities, accomplishments, and challenges. Some familiar faces as well as new faces filled the room. The COSP is a meeting that occurs twice each year; at the MidYear Career Planning Conference and at the Annual Convention. State presidents and presidents-elect come together to network, share accomplishments and discuss challenges with each other and the NSNA Board of Directors. The meeting ends with a little bit of fun in the form of the traditional white elephant gift exchange.

After a warm welcome and introduction by **Cheryl Appleton**, Chair of the 2013 Annual Convention COSP, the state presidents heard from NSNA President, **Joseph Potts**. Mr. Potts addressed the group to acknowledge the hard work, dedication and commitment of the state presidents and Board of Directors.

Lola Fehr, the NSNA Parliamentarian, spoke about parliamentary procedure, and the Nominating and Elections Committee discussed campaign regulations and how to run a state caucus. Later in the evening, NSNA Secretary/Treasurer, **Rebecca Mills Brown**, addressed issues that state presidents should know about the treasurer role.

At the traditional COSP Leadership Dinner, sponsored by the American Organization of Nurse Executives (AONE), attendees were treated to an excellent presentation by **Christopher Martorella** who discussed the transition from student nurse to nursing leader.

Be sure to check in with your state president to find out what ideas they will be taking from the meeting and sharing with state constituents. ■
